ERNEST DROBNY

FRONTEND DEVELOPER

ABOUT ME —

Seasoned frontend developer with international experience who always thrives to work on end-to-end solutions. I have delivered projects both as a part of a team and individually. Effective communication and understanding client needs is key to company's success. "Teamwork makes the dream work" is my personal motto.

— EXPERIENCE

FRONTEND DEVELOPER

FREELANCE CONTRACTOR | *AUG 2023 - APR 2024*

My key contributions lay in frontend development, where I focused on creating intuitive and visually engaging interfaces. Beside my technical responsibilities, I actively participated in project planning and decision-making processes.

Tech stack - React, Next.js, Redux, JavaScript, Typescript, CSS, Tailwind

FULLSTACK DEVELOPER

HEARME & EMPLOMIND UK | *DEC 2021 - JUL 2023*

I successfully developed frontend layer of company's core product, an application for online psychological therapy. Moreover, I was responsible for: building new services, database management and creating technical documentation.

Tech stack - React, JavaScript, Typescript, CSS, Tailwind, MUI, GraphQL, SQL, Node.js

JUNIOR FRONTEND DEVELOPER

APPRENTICESHIP | *APR 2021 - NOV 2021*

My role was to build responsive front-end interfaces delivered by our UI/UX designers. Additionally, I took major part in project management.

Tech stack - React, JavaScript, HTML, CSS, Styled Components
